

BREWERY FIELD: Report To DPC July 2017

1. The Brewery Field Working Group has been in contact with a number of landscapers, some of whom have considerable experience with similar projects.
2. Each designer will be given a list of firm requirements plus our ideas, along with our initial diagram as presented at the Annual Parish meeting.
3. Each designer will be requested to make a site visit and provide:
 - a. details of relevant experience,
 - b. a detailed list of their own ideas,
 - c. costed plans for both implementation and future maintenance,
 - d. timescales for completion of the project.
4. The working group will present DPC with a shortlist of 3 and invite them to make a presentation, hopefully prior to the August DPC meeting (as the architects did for the Village Hall).
5. DPC will then choose one of the landscapers to take the project forward, from design through to implementation.
6. When the designer has been selected and we have initial costed plans for implementation and future maintenance, we can start some serious fund-raising.
