Connecting Cambridgeshire Programme

## Mobile Phone Coverage Survey Work

Dear Sir or Madam,

We are writing to inform you that Cambridgeshire County Council has commissioned Advanced Wireless Technologies Group Limited (AWTG) of 8, Canham Mews, Canham Road, London, W3 7SR to carry out Technical Consultancy Services for a Mobile Phone Coverage Survey in the Cambridgeshire and Peterborough area.

This work will take place in the period from 11 February 2019 to end March 2019. AWTG staff will perform the work required through drive testing and walk testing carrying technical equipment.

I have attached below the scope of the study, and the names of the team members expected to carry out the work although this is subject to change.

Two vehicles will be driving through Cambridgeshire A/B/C roads and one engineer will be conducting walk test at areas such as tourist attractions, parks, rail routes, etc. in order to scan mobile coverage at required locations.

Cambridgeshire Police have been informed in case residents report concerns.

Should you require any further information, please do not hesitate to contact the Connecting Cambridgeshire programme on 01223 703293 or via [contact@connectingcambridgeshire.co.uk](mailto:contact@connectingcambridgeshire.co.uk).

For and on behalf of the Connecting Cambridgeshire Programme

A handwritten signature in blue ink, appearing to read 'Sarah Marsh', enclosed in a thin blue rectangular border.

Sarah Marsh  
Programme Manager
