

- Almost all the 100 free trees from 'I Dig Trees' were planted during the week beginning 18th November.
 - Bigger trees and shrubs were delivered and planted during the week beginning 2nd December. This new planting has already made a big difference to the look of the site.
 - We had a good turnout of volunteers for the planting, including 3 from SMT (Volvo). Many thanks to all who have helped.
 - We have one final order of plants pending and will try to plant at a weekend as we have had a number of offers from people who can't attend during the week.
 - Hortiservices have been instructed to add a section of gravel path to connect the existing path to the ramp of the decking on the rain harvesting shelter. This will be done when their schedule allows.
 - The cost to add a barrier to the dipping deck will be provided at the meeting on Thursday. **DPC agreement needed.**
 - No further details at this time from Openreach regarding their quote to re-site the telegraph pole and clear the section of pavement. **DPC agreement needed.**
 - Duxford Village School's Wellbeing day on 29th November was a great success, each class planted a tree and our experts gave talks about the flora and fauna on site.
